

CPR-Z32-EA-DK Prometheus CPU Development Kit

Kit Contents

Qty	Item	Description
1	PR-Z32-EA-ST	Prometheus PC/104 CPU Module w/ Ethernet and DAQ
1	PNL-Z32-EA	Prometheus Panel I/O Board Kit with DAQ Connector Contains: 1 810521 Panel board assembly w/ DAQ connector 1 680006 Mounting hardware kit 1 698013 Cable for PC/104 VGA module 1 698011 2-wire power cable for Jupiter-MM series power supplies See Prometheus user manual for instructions.
1	ACC-VGA-02	PC/104 VGA Module (From Arcom Controls)
1	FD-32	32MB Flashdisk Module
1	ACC-IDEEXT	Flashdisk Programming Board Kit Contains: 1 881001 Flashdisk programming board 1 698004 44-conductor HDD cable 1 C-40-18 40-conductor HDD cable See Prometheus user manual for instructions.
1	PB-Z32-300-EA	Pandora Enclosure, 3" Length Contains: 1 781002 Case body, 3" 1 781104 Front panel with PNL-Z32-EA cutouts 1 781102 Rear panel 1 680003 Case hardware kit
1	PS-5VUS-02	AC/DC Power Adapter In most cases, development kits include power cords appropriate for the country of destination. However we may not always supply the right cord.
1	C-PRZ-KIT	Prometheus Cable Kit Contains: 1 C-PRZ-01 Prometheus breakout cable 1 680005 Panel mounting hardware for C-PRZ-01 1 C-PRZ-02 Ethernet cable 1 C-50-18 50-conductor ribbon cable 1 698004 44-conductor HDD cable 1 698005 Dual DB-9 cable 1 698006 Output power cable 1 698008 34-conductor FDD cable 1 698009 Power I/O cable 1 698012 USB cable See Prometheus user manual for information and instructions.
1	CD	Diamond Systems Software and Documentation CD Includes user manuals and driver software
